

Graduate School of Pharmacy
Gujarat Technological University
&
Society of Pharmacognosy
(Formerly Indian Society of Pharmacognosy)
Organizes

“25th National Convention of Society of Pharmacognosy”
&
International Conference on
“New Horizons of Natural Products and AYUSH Remedies”
November 27-28, 2021

About Gujarat Technological University

Gujarat Technological University is a premier academic and research institution which has driven new ways of thinking since its 2007 founding, established by the Government of Gujarat vide Gujarat Act No. 20 of 2007. GTU is a State University with 486 affiliated colleges in its fold operating across the state of Gujarat through its FIVE zones at Ahmadabad, Gandhinagar, Vallabh Vidyanagar, Rajkot and Surat. The University caters to the fields of Engineering, Architecture, Management, Pharmacy and Computer Science. The University has about 4,00,000 students enrolled in various technical educational programs.

About Graduate School of Pharmacy

Graduate School of Pharmacy (GSP) is a constituent institute of Gujarat Technological University (GTU). It started its operations from the Academic Year 2017-18. It is established by Gujarat Technological University with a view to engage in M. Pharm and PhD level programs and to offer quality education at affordable cost. The institute is recognized by All India Council for Science and Technology (AICTE) as well as Pharmacy Council of India (PCI). Currently it offers M. Pharm (Pharmaceutical Regulatory Affairs), M. Pharm (Pharmaceutical Quality Assurance) and M. Pharm (Pharmaceutics) courses. GSP will be starting M. Pharm in Phytopharmacy and Phytomedicines from AY 2021-22.

About Society of Pharmacognosy

Society of Pharmacognosy is a national body of Pharmacy Professionals not only belonging to the stream of Pharmacognosy, but all the other disciplines in function till date. The quality of services being delivered in succession by the society could be assessed by the fact that it has members not only from India but from all round the globe. Every year, society organizes a customary annual national convention and once in four year international conference to compile the thoughts of scientists and academicians engaged in pharmacognosy research.

About the Conference

Through human history and evolution, natural products have played an essential role in the development and treatment of several diseases. From experience and several religious traditions, various traditional medical systems have emerged. Due to promising effectiveness of traditional medicines, the fascinating field of Phytomedicines and Phytopharmaceuticals has gained enormous popularity. Further, modern scientific approach towards ethno medicines have given rise to novel branches like Phytopharmaceuticals, Nutraceuticals, Food for Special Medical Purpose and Cosmetics in fields of herbal drug development. With these advancements, there is a greater need to have a thorough understanding of contemporary approached in fields of natural products. The conference aims to address recent developments in the fields of drugs discovery, formulation development, manufacturing, standardization & quality control, regulatory affairs of natural products. The conference will also address the usefulness of phytomedicines in addressing the current pandemic situation of COVID-19.

Who Should Attend?

Any enthusiast involved in exploration of phyto-constituents in terms of drugs discovery, therapeutics development, manufacturing, standardization, quality control, regulations as well as in the fields of development of nutraceuticals, excipients, dietary supplements etc. are welcome to attend the conference.

The conference is open to undergraduate/postgraduate students in Pharmacy, Medical and Allied Science, Academicians, Ph.D. Scholars, Industrial personal, Ayurveda and other traditional practitioners and scientists.

Conference Tracks

1. Present chemical investigations of materials of natural origin.
2. Modern approaches for *in vitro*, *in vivo* and *in silico* evaluation of herbal products & AYUSH medicines.
3. Recent trends in development of formulations containing phytochemicals.
4. Developments in the fields of standardization and quality control.
5. Biological chemistry and regulation of phytomedicines.
6. Repurposing traditional medicines for addressing COVID-19.

Call for Abstract

Authors are encouraged to contribute to the conference through submission of their research abstracts for poster and papers that address themes and topic of conference. Research and review paper are welcomed. Authors are invited to submit their soft copy of abstract on www.gsp.gtu.ac.in. Acceptance of abstracts will be intimated through e-mail.

Please refer to the Guidelines for authors and other guidelines before submitting your paper.

Last date for abstracts submission: 14th Nov 2021

- **Cash Prize for Best Oral Presentation in each Conference Track. Cash Prize for Best Poster Presentaion**
- **Selected papers will be published in Multidisciplinary International Research Journal of Gujarat Technological University**
- **Abstract and other selected papers will be published in conference proceedings with ISBN no.**

Participation Mode :

Oral Paper Presentation: Virtual and Physical

Poster Presentation: Physical

Chief Patron

Prof (Dr.) Navin R. Sheth
Hon. Vice Chancellor, GTU

Patron

Dr. K. N. Kher
Registrar, GTU

Chairman LOC

Dr. Sanjay Chauhan

Co-Chairman LOC

Dr. Rakesh. K. Patel

Organizing Secretary

Ms. Jigna Vadalia
Mr. Udaykumar Vegad

Joint Secretary

Dr. Biren Shah, Dr. Ashvin Dudhrejiya, Dr. Ravi Manek

National Advisory Committee

Dr. C. K. Kokate
Dr. B. G. Shivananda
Dr. S. Saraf
Dr. Milind Umekar
Dr. Satish Sardana
Dr. H. S. Ansari
Dr. S. P. Dhanabal
Dr. Munish Garg
Dr. Kumud Upadhyay
